SKINART

Microblading pencil practice

Compare two paired-brow attempts on paper

1 Choose one short stroke pattern to repeat with a pencil.
2 Draw a left/right pair in A, then repeat the same task in B.
3 Compare direction, spacing and curves; record one next step.

Fictional guides for drawing practice. Follow the assigned course pattern after enrolment.

Compare what you can see

Direction and flow

Spacing, curves and the relationship between the two brows

One improvement to keep / one thing to practise next

A focused question for your tutor

Keep both attempts. Compare visible differences rather than aiming for a perfect first page.
